SERIES 100

BUILT FOR PERFORMANCE.

RidgeLine™ SERIES 100

AIR TIGHT PERFORMANCE. THE RIDGELINE SERIES.

The RidgeLine Series 100 is a high-performance sideload single-hung window engineered for durability, efficiency and dependable operation.

Its clean profile, secure design and streamlined installation make it an ideal choice for multifamily communities and other high-volume residential projects where consistent performance and long-term value matter.

Available in single hung, picture window, and sliding window configurations, the Kodiak Series combines advanced engineering with clean aesthetics to provide a unified window system built for comfort, durability, and energy efficiency.
